PERSONAL STATEMENT

Experienced IT Professional with over 9 years of expertise in IT Infrastructure Management, ERP Administration, Cybersecurity, Cloud Technologies, Digital Transformation, and Business Process Automation. Currently responsible for managing enterprise IT operations supporting manufacturing, distribution, logistics, retail, and corporate business functions.

Throughout my career, I have successfully led and supported a wide range of technology initiatives including infrastructure modernization, ERP implementation and optimization, Microsoft 365 administration, network and security management, cloud services, data protection, business continuity planning, and process automation.

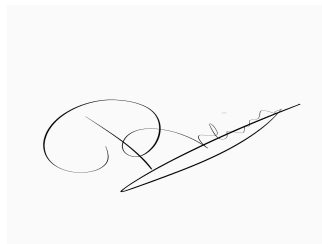

My technical expertise includes Microsoft 365, Windows Server Administration, Active Directory, Virtualization Technologies, Networking, Firewall Management, Cybersecurity Solutions, ERP Systems, Cloud Platforms, AI-driven Automation, Business Intelligence, and Enterprise Application Support. I possess strong analytical and problem-solving capabilities with a proven ability to align technology solutions with organizational goals and operational requirements.

In addition to technical leadership, I have extensive experience in vendor management, project coordination, budgeting support, policy development, user training, and cross-functional stakeholder engagement. I am passionate about leveraging emerging technologies and artificial intelligence to improve efficiency, productivity, security, and business performance.

I am seeking an opportunity where I can contribute my technical expertise, strategic thinking, leadership capabilities, and commitment to continuous improvement while supporting organizational growth and digital transformation initiatives.

DECLARATION

I hereby declare that the information provided in this Personal Statement and my accompanying Curriculum Vitae is true and correct to the best of my knowledge and belief.
